For: METHODS OF ATTRACTING AND COMBATTING INSECTS	, ) )

## **INFORMATION DISCLOSURE STATEMENT**

Assistant Commissioner for Patents Washington, D.C. 20231

Sir:

In compliance with the requirements of 37 C.F.R. §§ 1.56, 1.97 and 1.98, applicants are filing herewith a Form PTO-1449 list of documents for consideration by the Examiner, and one copy of each of the listed documents.

The documents listed on the accompanying Sheet 1 of Form PTO-1449 were previously made of record by applicants or the Examiner in connection with parent Application No. 08/419,609, filed April 10, 1995 (Attorney Docket 022650-285), for which the issue fee was paid on November 1, 1996, and of which this application is a continuation-in-part. Although further copies of these documents are not required to be filed herein [37 C.F.R. §1.98(d)], applicants are submitting copies herewith for the Examiner's convenience.

With respect to the documents listed on Sheet 2, it is pointed out that only two of these documents, namely EP 0679650 and DE 19511269, are not in English. English-

language abstracts of EP 0679650 and DE 19511269 are provided herewith as the requisite brief statements of relevance. These and many of the other documents provided herewith are identified on page 1 of the instant specification and relate to compounds which are used in the instantly claimed methods.

It is also pointed out that Hatton et al U.S. Patent No. 5,232,940 corresponds in part to both EP 0295117 and WO 87/03781, and that Phillips et al U.S. Patent No. 5,306,694 corresponds to EP 0500209.

Applicants are also filing herewith a copy of the International Search Report issued in connection with International Application No. PCT/EP96/01334, of which the present application is a continuation-in-part. The documents cited in the International Search Report are listed on the accompanying Form PTO-1449 and identified in the instant specification.

The present application is a continuation-in-part of U.S. Application No. 08/419,609, filed April 10, 1995, and of PCT/EP96/01334, filed March 27, 1996. EP 0679650 and DE 19511269 were published after the filing date of applicant's parent Application No. 08/419,609, and less than one year prior to the filing date of parent PCT/EP96/01334. WO 96/17515 was published after the filing date of parent Appln. No. 08/419,609, after the filing date of parent Appln. No. PCT/EP96/01334 and less than one year prior to the filing date of the present application.
